In re Application of Roth and Salisbury :
Application No. 09/216,206 : Decision on Petition
Filing Date: December 18, 1998 :
Attorney Docket No. B2745.0025/P0025 :

This is a decision on the petition under 37 CFR 1.183, filed and supplemented November 24, 2006.

The petition is **granted to the extent indicated below**.

The application was filed December 18, 1998.

The application papers included a signed declaration naming Heidi Kay and Russell Franklin as the inventors of record. The inventorship was eventually corrected to indicate the inventors are actually David William Roth and Dylan Fyall Salisbury.

Due to inventorship issues and other reasons, the assignments filed for the application were "incorrect."

Petitioner requests "the Director ... ratify, to the extent necessary, all prior actions of the present application, notwithstanding any incompliance with the Patent Rules."

The Office will treat all papers filed prior to November 24, 2006, as being properly signed. To the extent rules must be waived in order to achieve such a result, the Office waives the rules.

As a courtesy, the Office notes all future papers signed by an officer of BEH Investments LLC should explicitly state the title of the individual signing the paper.

Technology Center Art Unit 3622 will be informed of the instant decision.

Telephone inquiries regarding this communication should be directed to Petitions Attorney Steven Brantley at (571) 272-3203.
